PROFESSIONAL SUMMARY

IBM Certified Data Science professional with 7+ deployed projects spanning ML, NLP, Time Series, and Generative AI — including a RAG Chatbot, Recommendation System, and Customer Churn predictor. Skilled in building end-to-end pipelines from EDA to production-ready Streamlit apps. Passionate about turning messy data into business decisions.

SKILLS SUMMARY

- Python, SQL (PostgreSQL), Machine Learning, Deep Learning, NLP, Generative AI, LangChain, RAG, Git & GitHub

WORK EXPERIENCE [Virtual Experience Programs]

British Airways — Forage [[Certificate](#)]

- Completed a simulation focussing on how data science is a critical component of British Airways' success.
- Scraped and analysed customer review data to uncover findings.
- Built a predictive model to understand factors that influence buying behaviour.

BCG GenAI Job Simulation—Forage [[Certificate](#)]

- Built an AI-powered financial chatbot using Python and OpenAI APIs to answer complex financial queries.
- Extracted and analyzed 10-K and 10-Q SEC filings; developed ML logic to improve chatbot response accuracy.

PROJECTS

AskVineet — RAG Chatbot[[GitHub](#)] [[Live Demo](#)]

Personal AI assistant using LangChain LCEL, Groq LLaMA 3.1, and FAISS for real-time document retrieval.

Recommendation System[[GitHub](#)] [[Live Demo](#)]

Hybrid SVD + TF-IDF engine on 568K Amazon reviews. 75x improvement over random. Deployed on HuggingFace.

Sales Forecasting[[GitHub](#)] [[Live Demo](#)]

Prophet + XGBoost forecasting on 3M rows of retail data with trend decomposition and holiday effects.

Customer Churn Prediction [[GitHub](#)] [[Live Demo](#)]

XGBoost + SHAP + Optuna pipeline achieving AUC 0.829. Includes explainability dashboards for business use.

Loan Default Classifier [[GitHub](#)] [[Live Demo](#)]

XGBoost + SMOTE for imbalanced credit risk data. AUC 0.743 with precision-recall threshold tuning.

SecureBank Management System [[GitHub](#)] [[Live Demo](#)]

Secure banking app with Python OOP, SHA-256 hashing, and an interactive Streamlit dashboard.

FileForge [[GitHub](#)] [[Live Demo](#)]

Automated file organizer with duplicate detection, logging, and Streamlit UI for non-technical users.

CERTIFICATIONS

- IBM Data Science Professional Certificate — Data Cleaning, ML, DL, AI [[credential link](#)]
- Programming for Everybody — University of Michigan: Python, PostgreSQL, Web Scraping [[credential link](#)]
- Google Prompting Essentials Specialization — Prompt Engineering & LLM Design [[credential link](#)]
- Career Essentials in Generative AI — Microsoft & LinkedIn: Transformers, Fine-tuning, RAG Architectures[[credential link](#)]
- Data Science Digital Badges—Credly / Pearson [[credential link](#)]

EDUCATION

B.E. — Electrical, Electronics & Communications Engineering 2017 – 2021

Dayananda Sagar College of Engineering, Bangalore | Grade: A

ADDITIONAL INFORMATION

- Technical Skills:** Python, XGBoost, SHAP, SMOTE, Optuna, Prophet, LangChain, FAISS, HuggingFace, Streamlit, Pandas, NumPy, Scikit-learn, TensorFlow
- Languages:** English, Hindi
- Tools:** VS Code, Jupyter Notebook, Git & GitHub, Streamlit, HuggingFace Spaces, Anaconda
